Week 6

1st June, 2009

Dear Parents/Carers,

WEEKEND CAMP FOR GIFTED AND TALENTED STUDENTS

This camp is for gifted and talented students aged 7—14.

If after reading the information below you would like more information please contact the Events Coordinator at camp@nswgtc.org.au.

Booking can be made by email at bookings@nswgtc.org.au or forms are available from Mrs. Vallis.

Each year NSWAGTC runs a number of weekend camps for gifted children aged 7-14. Parents are also welcome to attend. The camps provide opportunities for gifted children to participate in a variety of workshops, and to spend time socialising with like-minded peers. There will be some specific program options for 12-14 year olds.

THEME: THE QUEST BASED ON THE ADVENTURES IN SERIES 3 OF DELTORA QUEST

The camp will include a range of activities based on the third series of Deltora Quest by Emily Rodda. These will include invention, science, art creativity and lots of fun. A knowledge of the books is an advantage but not essential to attend and enjoy the activities and challenges.

There will also be indoor and outdoor games and plenty of time to get to know new friends. Check the web site for further details as they come to hand.

www.nswagtc.org.au.
