

Avoca Beach Public School Website

Permission to Publish

Avoca Beach Public School has a school website which can be accessed via the Internet (<http://www.avocabeach.ps.education.nsw.gov.au>). As well as being a useful resource for parents wanting information about the school, it is also a forum for acknowledging the achievements of students. In order to publish photos, or your child's full name when recognising their accomplishments, we require permission from students and their parent/caregiver.
